

Barton Bay Wildlife Trail

Community of Geraldton

Continue north along Michael Power Boulevard (Highway 584) and you will enter the community of Geraldton. There are over 90 businesses and services to meet your needs.

Rosedale Point Entrance

The north entrance to the trail can be accessed by turning onto Rosedale Point Road and taking the first right.

Michael Power Boulevard

Barrick Drive

Rosedale Point Rd.

Hunting Raptors

The first section of the trail travels along the upper tailings where raptors such as the American Kestrel and Northern Harrier can be seen hunting small rodents and birds.

Marsh Life

The trail crosses through the marsh and offers an excellent opportunity to view Moose, Muskrat, Beaver, or the Great Blue Heron.

Shoreline Residents

The viewing platform provides a place to sit and enjoy the cool breeze blowing off the lake. During your rest you have a chance to view a variety of waterfowl.

Kenogamisis Lake

The lake is a rather large water body covering an area of 41.7 square kilometers (16.1 square miles). The lake is very fertile and supports a wide variety of fish species including Walleye, Northern Pike, White Fish, and Perch.
