Message from the Detachment Commander

I am pleased to present the Greenstone Detachment - 2025 Detachment Board Annual Report. This report includes crime, traffic enforcement and community well-being data, and highlights initiatives and successes from the past year. 2025 was the last year of the 2023-2025 Greenstone Detachment Action Plan and this report will provide a final update and progress results from that plan.

I am proud of the work undertaken by the members of the Greenstone Detachment and their continued commitment to community safety and service excellence. In 2025, members maintained a strong focus on property crime enforcement. Following a significant increase in theft under \$5,000 in 2023, regular and focused patrols were implemented in identified high-risk areas. As a result, theft under \$5,000 offences were reduced in 2024 and remained stable in 2025, with 114 reported occurrences, demonstrating the effectiveness of targeted enforcement strategies.

Greenstone Detachment members also continued to support victims of crime through investigative excellence and collaboration with community partners. Referrals to Victim Services Agencies increased from 284 in 2024 to 343 in 2025, reflecting a strengthened commitment to victim support and access to services. We continue to leverage modern policing technology, including body-worn cameras, in-car cameras, and automated licence plate recognition (ALPR), to support the collection of reliable evidence, increase transparency, and enhance both public and officer safety.

In an effort to address substance abuse and its impacts, we partnered with Greenstone Victim Services, the Greenstone Family Resources Centre, and Greenstone Gold Mine to bring a community screening of “*A Sobering Story*” to Greenstone. This documentary, which explores the real-life impacts of addiction and recovery, was well received and contributed to meaningful community dialogue on prevention and awareness.

Looking ahead, in 2026 we will release the 2026–2029 Greenstone Detachment Action Plan, the first developed under the *Community Safety and Policing Act (CSPA)*. This plan is being developed in close collaboration with the Greenstone Detachment Board and through engagement with community members to ensure local priorities and concerns are reflected in our commitments for the next four years. The development of this plan will align with the 2026–2029 OPP Strategic Plan, ensuring organizational consistency and strategic alignment.

As we prepare for emerging challenges and new opportunities in policing and community safety, the members of the Greenstone Detachment remain steadfast in their commitment to serve our communities, protect our citizens, uphold the law, and preserve public safety.

Policing Hours

The OPP has developed a Service Delivery Model (SDM) in response to several reviews and audit recommendations. The SDM is designed to:

- Promote officer wellness through balanced workloads
- Determine adequate staffing levels at each detachment
- Ensure the continued delivery of adequate and effective policing services in accordance with the *Community Safety and Policing Act (CSPA)*

To support SDM implementation, the OPP is undertaking a multi-year staffing strategy to address required increases in detachment personnel. This model supports the OPP’s ability to:

- Respond effectively to increasing calls for service
- Maintain safe communities through proactive patrols and community engagement
- Meet municipal expectations for police visibility

To monitor progress and guide detachment-level planning, the OPP has established time allocation targets for provincial constables (Figure 1). These targets reflect how time should ideally be distributed by the end of the SDM staffing strategy.

The targets are based on a provincial average, and variations are expected between detachments due to differences in geography, operational structure, recruitment and leave of absence rates.

Detachments may face challenges in achieving these targets, but progress is expected as scheduling, data quality and strategic deployment continue to improve.

9-1-1 is for emergencies only: If there is an immediate risk to someone's life or property.

- ✓ a crime in progress
- ✓ a fire
- ✓ a life-threatening medical emergency

Dialed 9-1-1 accidentally? #Be911Ready. Don't hang up, stay on the line and speak with an OPP Communicator to confirm there's no emergency.

The misuse of 911 ties up emergency lines, communicators and officers, which can result in a slower response to a real emergency and risks the safety of people who may need urgent help.

It is against the law to call 9-1-1 as a joke. Prank 9-1-1 calls can be dangerous and waste valuable emergency resources.
